Thanks Ron...just closing the loop on the latest. Trish just got off the phone with the CNN producer and they are fine with our suggestion to come out the week after next. Trish has identified a resident scheduled to be sampled on Feb. 8 and will work with CNN and the home owner to try and make that happen. As an aside, the producer shared with Trish that Dimock is not their focus but a smaller part of a bigger story and B-roll was all they were looking to get. We'll continue to provide updates as Trish makes progress setting this up. Thanks and have a good weekend.

All Clear - Bill's note was what he thought he heard from Mick... so nothing has changed in our arrangements - Sorry for the short burst of panic!

Everyone have a good weekend!

To be absolutely clear on this, they are working around our willingness to help them get some video. No controversy or sensitivity

Best way to reach me tonight is at Ex. 6 - Personal Privacy We'll figure it out if someone needs to be there Monday but if it's certain that CNN is coming we should talk as we have concerns related to access and permission. Just got off the phone with Trish and she has a potential recommendation for a resident that CNN may be able to film but not for Monday. Thanks.

Mick: please give Helen, Walt or me a call - Trish is on the way back and hasn't yet connected with CNN Producer to work out logistics for their filming. She wasn't planning on going back to Dimock on Monday, but Bill's note indicates that CNN was going to show up then. If Trish can't make it we will try to get someone there, but need to know it's going to happen. Please let us know so we can make arrangements.

Thanks
